

## Senior Web Designer (UI)

ShopAtHome.com is enjoying explosive growth as the leading online cash back and deals site on the web! With over 20 million customers and 25 years in the lead generation business, we know how to do it right! We are the leader in online coupons and deals and help more than 15,000 online stores generate leads and sales.

Are you ready to create new and exciting web experiences for our customers? Do you want to love going to work with a great group of people who have fun, but get the job done? We are looking for a talented Web Designer who has an unhealthy passion for great user-centered design, in order to support and enhance our heavily-trafficked Site.

This is a position for a talented person who wants to work with a terrific team and contribute to the phenomenal growth of ShopAtHome.com - ranked #715 on the fastest growing private companies list in 2011 by Inc. Magazine. You will work on-site in a friendly environment at our convenient location in the DTC near I-25 and Bellevue.

### Responsibilities:

- Collaborate with cross-functional teams to conceptualize and create intuitive, engaging, and brand-consistent user interfaces.
- Interpret design goals accurately; and visually prioritize actionable items.
- Efficiently organize elements in time (navigation, flows, steps) in a way that minimizes uncertainty.
- Create low-fidelity sketches and wireframes to establish direction.
- Create high-fidelity prototypes that demonstrate how the user application looks and flows.
- Write thorough design specifications.
- Prepare annotated pixel mockups and production-ready Photoshop files.
- Create and deliver web-optimized graphics and supporting illustrations, banners and icons.
- Support engineering through development and testing phases.
- Stay up-to-date on emerging web and mobile trends and standards.
- Stay focused on innovation, and optimization of user experience.
- Maintain brand standards.
- Share your knowledge.

### Requirements:

- 6+ years experience.
- Thorough understanding of overall web site design, including basic usability, industry standards, architecture and navigation.
- Demonstrated passion for creating outstanding user-centered web experiences.
- An impressive portfolio demonstrating an understanding of typography, color theory, composition and a pixel-level attention to detail.
- Experience hand-coding HTML, CSS.
- Expert knowledge of building cross-browser user interfaces.
- Strong attention to detail.
- Strong verbal communication and writing skills.
- Proficient to expert in: Photoshop and Illustrator.
- Ability to rapidly iterate through prototypes.
- Ability to manage multiple projects in an iterative environment.
- Good interpersonal skills – be a team player!

### Advantageous:

- Experience integrating JQuery library.
- Experience designing mobile-optimized web experiences.
- Experience implementing SEO best practices and download speed considerations.
- Familiarity with emerging technologies such as HTML5 and CSS3.
- Accustomed to maintaining large CSS libraries.
- BFA degree or equivalent experience.
- Experience working in a .NET, Visual Studio development environment.

**Employees enjoy:**

- Highly competitive compensation
- 15 days of Paid Time Off (PTO) annually
- 10 paid company holidays
- Medical, dental, vision & life insurance for employees and their dependents
- Matching 401(k) savings plan
- Flexible Spending Accounts
- Free on site gym (no excuses.....)
- Company Events and Bagel Fridays (don't forget the gym....)
- Working with the greatest people ever!
